Cybersecurity professional with 4+ years of experience driving compliance, network security assessments, and remediation governance across 4,000+ enterprise devices. Lead-level individual contributor known for accelerating reporting from 2.5 days to 2-3 hours and remediation turnaround from 3-4 weeks to 7-10 days through standardized controls, Skybox, and AlgoSec.

EXPERIENCE

Analyst - Information Security

Jan 2026 — Present

Infosys Ltd.

Mumbai

- Owned end-to-end firewall compliance readiness for a key subsidiary, including standards, metrics, and assessment lifecycle across enterprise environments.
- Supported **ISO 27001** and **PCI DSS** audit readiness with **no major compliance exceptions in owned scope**.
- Led the evaluation and selection of **AlgoSec** for policy optimization and compliance automation through a successful POC.
- Reduced manual security configuration effort by **40%**, accelerated reporting cycles from **2.5 days to 2-3 hours**, and improved remediation turnaround from **3-4 weeks to 7-10 days**.
- Guided **4** team members through assessment reviews and improvement feedback while coordinating remediation with asset owners, IT teams, and governance stakeholders.

Information Security Engineer / Senior Information Security Engineer

Oct 2021 — Dec 2025

Infosys Ltd.

Mumbai

- Assessed security compliance across **4,000+ network devices**, identified critical vulnerabilities, and drove remediation across multi-vendor enterprise environments.
- Created platform-specific hardening standards and compliance checklists for **Palo Alto, Check Point, Mellanox, and Cumulus**.
- Optimized **Skybox** workflows to improve compliance validation and reporting efficiency for firewall and network security assessments.
- Performed network security assessments across **Palo Alto, Check Point, Cisco ASA/FTD/Nexus, Mellanox, and Cumulus** platforms, building strong depth in governance-driven security reviews.

Cyber Security Practice Intern

Jun 2021 — Jul 2021

Gurugram Police

Gurugram

- Analyzed compromised systems and network traffic using **FTK Imager, Wireshark, and Burp Suite** to support cybercrime investigations and evidence review.

SKILLS

- Core:** Security Compliance, Network Security Assessments, Firewall Hardening, Vulnerability Remediation, Continuous Compliance
- Platforms:** Skybox, AlgoSec, Palo Alto, Check Point, Mellanox, Cumulus, Cisco ASA/FTD/Nexus
- Standards & Tools:** ISO 27001, PCI DSS, CIS, Qualys, CyberArk, Cortex XSIAM, ServiceNow, RSA Archer

CERTIFICATIONS

- Certified Information Systems Security Professional (CISSP)** – ISC², Apr 2026
- Skybox Security Certified Vulnerability Control Expert (SCVCE)** – Skybox Security
- Skybox Security Certified Assurance Expert (SCAE)** – Skybox Security
- Infosys Certified Network Security Associate** – Infosys
- Infosys Certified Infra VM Specialist** – Infosys

ACHIEVEMENTS

- Ranked 1st in multiple organization-wide Capture the Flag (CTF) competitions conducted by Infosys.
- Received the Insta Award for exceptional expertise in network security and assessments for a key subsidiary, along with proactive stakeholder engagement.

EDUCATION

Sandip University – B.Tech in Cloud Technology and Information Security – **8.7/10**
